07/22/2012	4.17 Quality: 3.5 Customer Service: 5.0 Value for Money: 4.0	Review by Carrie S. in Olympia, WA Project: Repair Drywall Comments: City Center Drywall is a pleasure to work with. They respond immediately to your request to help. The owner seem truly concerned with the success of the project. My only drawback is that painting was not detailed correctly leaving many small areas uncovered making it necessary to touch up. Everything was clear as to cost and time to complete, definitely user friendly. Effort was made to leave the home neat and clean. Debris was quickly removed and hauled off. A highly recommended restoration company failed to complete in a week what City Center accomplished in four days. Definitely the contractors to choose!
